### THE FACE OF NONPROFITS IN CONNECTICUT

#### *A New Campaign Presented by the Connecticut Association of Nonprofits Demonstrating the Positive Impact Nonprofits Have on the People of Connecticut*

**Hartford, CT** (February 4, 2003)- The Connecticut Association of Nonprofits (CAN) is pleased to announce *The Face of Nonprofits*, an educational awareness campaign honoring the Connecticut nonprofit community. *The Face of Nonprofits* is being launched in conjunction with Governor Rowland's proclaimed *Connecticut Nonprofit Week*, February 2-7, 2003. The campaign's official launch will be Thursday, February 6, 2003 at a photography exhibit, held at First Experience Communications at 3011 Main Street in Glastonbury, CT, celebrating the individuals featured in the campaign.

During uncertain economic times, the services and employment nonprofits provide become even more crucial to the people of Connecticut. CAN is launching this campaign to generate awareness of the importance of nonprofits and the many ways they touch the lives of people in the state.

*The Face of Nonprofits* is a testament to the 11,000 Connecticut nonprofit organizations and the 150,000 people who serve the 3.3 million people of Connecticut. Through visual interpretation in the form of a poster, CAN presents the unique characters, personalities, and stories of people who make up our rich and diverse state. The spirit of nonprofits, the work they do and the lives they touch throughout the state is captured in this compelling campaign.

"*The Face of Nonprofits* makes the work and mission of nonprofits real through the faces, features and hearts of those served and those who serve," said Ron Cretaro, CAN executive director.

CAN represents over 500 nonprofit organizations that employ over 20,000 people in the State of Connecticut. The mission of the organization is to support and strengthen nonprofit organizations in building and sustaining healthy communities in the state.

CAN's members represent the arts, community and economic development, education, animal welfare, the environment, religious, human services and philanthropy. The association assists members with advocacy and lobbying efforts, professional development and training, and provides business services.
